- Annual Life Members dinner - approval of any subsidies for members and partners who attend.

- Half Marathon – needs a new organising committee if it is to proceed.
 - Could a 10km race be run concurrently?

Sponsorship:

Each year Southern Cross Health Club donates a number of complimentary memberships to community and grassroots organisations. In previous years they have concentrated on donating memberships to community based organisations; this year however, they would like to include grassroots sporting organisations in their donation list.

- What this means is they have donated two (2) one year memberships to WCAC and we can use them in turn as prizes in fund raising or as gifts to athletes or volunteers.

- As well as offering these two (2) complimentary one year memberships they are offering members of the Weston Creek Athletics Club the opportunity to join Southern Cross Health Club on their community program rate.
- The membership cost for this particular membership is \$9.95/week and includes unlimited access to group fitness classes, consultation with a trainer and access to the main gym.
- Any other business
